

# Step Into the Spotlight

It's time to escape the keyboard rig and rock the stage. The stylish AX-Synth represents Roland's new generation of remote keyboards, but for the first time, this one has a sound generator onboard. It's self-contained and equipped with powerful, solo-oriented sounds from Roland's latest, greatest synths. Strap on an AX and steal the show.

■ Rear Panel

- Built-in sound engine with voices from Roland's latest synthesizers
- Ribbon controller, D Beam, modulation bar, knobs, and easy-to-see display for stage
- USB MIDI for easy connection to PC
- Dedicated V-LINK button for video/visual control
- Innovative bender mode for expressive solos
- Long battery operation (approx. 6 hours)

■ Neck (back side)
