

M200i-EXP
40x22 Digital Mixing System

M200i-EXP
40x22 Digital Mixing System

This system is a great solution for most ensembles or bands in any application. The M-200i provides 32 mixing channels that easily supports the inputs from the S-1608 stage side along with the 24 onboard inputs at the console. Ideal for a group consisting of the typical drums, bass, keys, guitars/vocals configuration. The system consists of the M-200i V-Mixer and one S-1608 Digital Snake – which can be placed beside the console or up to 330 feet away.

Package includes:

- M-200i V-Mixer
- S-1608 Digital Snake

Main Features:

- 32-channel digital mixer (controllable with or without iPad)
- 17 motorized faders, dedicated buttons and knobs for key functions
- 24 onboard inputs and 14 outputs – expanded to 40x22 by adding the S-1608 Digital Snake
- Wireless and wired comprehensive iPad control
- Easily expandable to include personal mixing and multi-channel playback/record

System: M200i-EXP
